

GLENDALE

DELEGATION AT SAN MARCOS

The congressional commission which has been making a tour of the Salt River Valley reclamation project, were Sunday visitors in Chandler. They arrived here at one o'clock and were guests of Dr. A. J. Chandler in an informal luncheon in the Hotel San Marcos.

The guests were delighted with finding such a hostelry in this end of the valley, and the long dusty journey from Roosevelt dam to the San Marcos came as a soothing relief to tired nerves. Inside of an hour they were on their way to Phoenix.

SUMMER CLUB IS OPENED

The San Marcos Roof Garden was thrown open to the public Wednesday evening and a large crowd saw the moving pictures. The roof has again been fitted up for the convenience of out of town people, the same as last summer, with the exception that meals will not be served on the roof.

Manager Menhennett extends a general invitation to everyone in the valley to visit the roof garden. The entrance this year will be on the north side of the building and reservations have been made for seating several hundred people. He promises a superior run of pictures, most of which will be seen for the first time in Chandler.

T. G. FOX,
Clerk of the Board of Trustees School District No. 7, R. F. D. No. 1, Phoenix, Arizona.

RAILROAD BRIDGE CONTRACTORS NOTICE

For the information of railroad bridge contractors, the Tucson, Cordelia and Gila Bend Railroad company wishes to advise that under the plan of proposal covering the construction of its line from Gila, Arizona, to Ajo, Arizona, a distance of approximately forty-two (42) miles, it is arranged that the bridge contractors can bid direct to the railroad company on the trestle and culvert portion of this work. Plans and specifications covering same will be ready for examination at Gila Bend after the 24th instant, upon application to the undersigned. All bids must be in by June 18th.

R. H. JONES,
Chief Engineer.

NOTICE TO CONTRACTORS

Bids are asked for on the construction of a railroad Thirty-Eight miles in length from the railroad at Gila Bend south to a point near Ajo. All bids to be in the office of the General Manager, Mr. John C. Greenway, at Warren, by noon, June 10th.

Plans, profiles and specifications can be had by applying to R. H. Jones, Chief Engineer, Gila Bend, Arizona, on and after May 24th, 1915.

The right is reserved to reject any and all bids.

"MOTHER" MOST BEAUTIFUL WORD

The power of sentiment and the beauty of imagination are both realized by one who reads that of 600 school children who were asked to name the most beautiful word in the English language. 495 wrote "Mother." The idea is beyond comparison, but the symbol is rather work-a-day.

FRUIT DRINKS GOOD FOR SPRINGTIME LASSITUDE

Springtime brings with it a natural craving for fruit drinks. The system seems to need them. Fruit drinks are often kept in the home and taken each morning before breakfast. So few fruit drinks, however, can be served with or without carbonated water. Grape-Smash makes a splendid drink if only plain water and cracked ice are added. Carbonated water, of course, can be used and it produces a beautiful sparkle, but carbonated water is not necessary to the delicious taste of Grape Smash. One part of Grape Smash to five parts of plain water makes a drink as full flavored as undiluted grape juice—is cooling and refreshing.

FINANCES AND MARKETS

[ASSOCIATED PRESS DISPATCH]

NEW YORK, June 9.—Because its direct bearing upon the already tense international situation, Bryan's resignation superseded other considerations and developments of the street. The measured terms of the quoted values created a distinct impression, prices declining substantially in all parts of the list. At the opening the recession ranged from one to five points, war specialties losing more ground than stable issues. Recoveries, which in some instances carried prices well above yesterday's close, supervened before the end of the first hour, with another but more moderate decline in midday. Some improvement was noted in the final hours, but recoveries were mostly fractional, with a feverish close. Total sales amounted to 555,000 shares. Bethlehem Steel attained a new high price of 168 on an early rebound, but yielded later. Coppers were inclined to increase the recent gains on the establishment of a new high price of 20 cents for refined metal and 20 advance in by-products. U. S. Alcohol was prominent among the minor industrials on confirmation of the entrance of a new and powerful interest in the distillate. Another importation of gold from Canada, coinciding with the release of more gold from the Bank of England, were features of the foreign exchange market, with francs also showing a firmer tendency. Bonds were irregular. Sales represented a par value that aggregated \$2,502,000.

COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma kept her locks dark, glossy, thick with a mixture of Sage Tea and Sulphur

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.

MORE TEACHERS T. N. S. FACULTY

Faculty Roster for New Term at State Normal Will Number Thirty-five. At Least Four to Be Added This Year

With the addition of four new teachers as now planned, the membership of the faculty at the Tempe Normal school will reach a total of thirty-five for the 1915-16 year. The president gave out the first authentic statement as to the faculty for the new year yesterday, and with its announcement is noted the singular and altogether pleasing fact that every teacher in school during the recent term will return for another year. The additions so far made include the appointment of Miss Helen Roberts, who was in charge of the primary grade work in the public school of Tempe this term, to do some work in the training school, and also the appointment of Miss Esther A. McKelvey, a graduate of the University of Kansas, as assistant to the librarian. The board is also in hopes of placing two new teachers to care for the vocational work in the new manual arts building. It is probable that their appointments will be confirmed within a week or two.

This is the complete list to date of the faculty for the Normal during the 1915-16 term that opens the early part of next September:
Faculty
A. J. Matthews, president, school law and school economy.
E. M. Irish, assistant, physical science and military drill.
W. J. Anderson, B. S., drawing and commercial subjects.
J. L. Johnston, vocal music.
George H. Frizzell, B. Ed., mathematics.
James F. Hall, A. M., ancient languages.
A. B. Clark, manual training.
Edith Salmans, B. S., modern languages.
Lillian D. Francis, home economics.
James L. Felton, A. B., English.
Ira D. Payne, A. B., education and director of training school.
John B. Griffing, A. M., agriculture.
Anna R. Stewart, assistant in home economics.
James R. Murdock, B. S., history and civics.
R. B. Beckwith, A. B., biological science.
George H. Schaeffer, A. B., assistant instructor and director of athletics.
E. Blanche Pilcher, A. B., assistant in English.
Mary A. Blair, A. B., elocution and physical training.

Critic Teachers
Mary S. McNulty, primary grades.
Lena Havel, grammar grades.
Louise B. Lynd, grammar grades.
Ida O'Connor, primary grades.
Olive M. Gerrish, music supervisor.
Theresa Anderson, B. Ed., intermediate grades.
Amanda L. Zeller, kindergarten.
Helen C. Roberts, primary grades.

Administrative Officers
A. J. Matthews, president.
Laura A. Dobbs, secretary to president and board.
Ruth M. Wright, librarian.
Amelie Kudobe, assistant secretary.
Anna H. Ridenour, preceptress girls' dormitories.
Mrs. Erma E. Crawford, assistant.
Esther A. McKelvey, A. B., assistant librarian.

ALUMNI BANQUET NIGHT

Plans for one of the best of all alumni nights are complete for tonight's reception and banquet at the normal. A program of music and games has been arranged for the banquet hall, and preceding the festivities there will be social hour on the president's lawn. The committee in charge is in hopes of a large representative attendance of the former graduating classes from all parts of the valley and to meet that end their only requirement is the one dollar for the banquet. No requirement for the settlement of past dues will be made.

KALAKAGATHIANS ENTERTAIN

As their closing event to the school year, the Kalakagathian society of the Normal yesterday entertained its alumni members at a social tea from 4 to 6. Though only organized a few years, the representation of the former members was quite large and a most enjoyable time was passed.

COUNCIL MEETING TONIGHT

The common council will hold its usual monthly session at the town hall chambers this evening, and from all appearances there will be quite a little business up for attention. One of the most important matters will be the selection of a fire chief. It is quite probable that the aldermen will act on the recommendation of the citizens and appoint Price Wickliffe. Matters relevant to the sewer system

that affect the property connections will also be given attention.

SISTERS MEET TODAY

The Pythian Sisters of Tempe will hold their accustomed semi-monthly meeting this afternoon at 2:30 in the Odd Fellows' hall.

BACK FROM THE MINES

Attorney J. M. Feiler returned night before last from a week's visit in Ray, where he attended to local business.

TEMPE GETS CONVENTION

At the recent session of the Maricopa county Sunday school association, the next convention was given to Tempe. The date is June 20 and the local Sunday school people will get busy today on their program for the occasion. Two sessions are planned, one for the morning and one for the afternoon.

VISITING IN TEMPE

Rev. C. W. Meyers of Louisville, Ky., is spending a few days in Tempe as the guest of Harry Newton. Rev. Mr. Meyers is en route to the exposition, and after a short visit there, will continue on up the Pacific coast to the Canadian line before returning to his home state.

HOME FROM SCHOOL

Glenn Foster, one of the several Tempe young men who attended the University of Southern California the past term, returned yesterday morning to spend the summer in the valley.

FLORENCE CATTLE

Five carloads of beef cattle from the Florence country came in on last evening's Winkelman train. They were consigned to the Pacific Coast Beef and Provision company and were sent on their way last night.

DEATH OF MRS. RITTER

Mrs. Maude Ritter died yesterday morning shortly before 9 o'clock at the home of her parents, Mr. and Mrs. J. M. Cummings, just north of Tempe. Mrs. Ritter, formerly Miss Maude Cummings, has been married but a year, during that time living on a ranch with her husband near Buckeye. The funeral will be held this afternoon at 4:30.

DOES YOUR HAIR IMPROVE YOUR LOOKS?

Upon leaving her mirror, after dressing her hair, almost every woman has a neat and becoming coiffure. Of how many women can the same be said an hour or two after the coiffure has been completed? Of just as many as have taken the precaution to make their good hair-dressing results lasting, by protecting them with invisible Carmen Hair Nets.

That is the one way to make sure at all times of the smooth, becoming hair-frame which is so effective in giving you good facial points and in softening faults. The simplest of coiffures require hairnets to preserve the perfect neatness, which is the charm of the simple headress.

Women to whom "fluffy" effects are most becoming cannot dispense with the hairnet, which affords the one means of preventing "fluffiness" from becoming "frowniness." An invisible Carmen Hair Net, properly put on, preserves the becoming softness of the hair about the face, while preventing the loosely dressed locks from slipping, roughening and working loose.

Switch-ends and tell-tale sections of hair-roll, peeping from luxuriant heads of hair, are common features of modish coiffures—two or three hours after their owners have used hand-mirrors to examine their back hair. One of the greatest advantages of strong, properly made hairnets is that they keep switches, rolls, puffs and transformations in place, and "blend them" so to speak, with the remainder of the hair, so that their use cannot be detected.

NOTICE TO PRINTERS AND PUBLISHERS.

Office of the ARIZONA HISTORIAN.

State House, Phoenix, Arizona.

Bids will be received at this office until five o'clock in the afternoon of the 24th day of June, 1915, for printing and binding seven thousand (7,000) volumes of The History of Arizona, bound in two volumes of approximately 250 pages each; pages to be 5½x8½, inches; paper to be of Eggshell finish book 60 pounds or its equivalent; type of body to be 12 pt. Roman; contents and index 8 pt. Roman; all to be set 22 Em pic measure, with inserts of possibly four or five half-tones to each volume. Binding to be of full cloth; silk finish, with head band top and bottom. Cover to be stamped in gold on back bone and side of front cover. Side title to consist of Book Title and Seals of Territory and State of Arizona. A certified check payable to the undersigned must accompany each bid for ten per cent (10%) of the amount of the bid. The right is reserved to reject any and all bids. Mark all proposals: "Bids for Printing the History of Arizona." The volumes are to be printed from stereotyped plates which are to be owned by the property of the State of Arizona.

Payment for these volumes will be made as follows:

One-half (½) during the year ending June 30th, 1916, and One-half (½) during the year ending June 30th, 1917, in accordance with the appropriation made for this purpose by the Second Legislature of the State of Arizona.

EXHIBITS FOR COUNTY FAIR TO BE GENEROUS

Premium Lists for County Fair Will Soon Be Ready

An important meeting of the various committees of the county fair was held in the rooms of the Commercial club Tuesday evening. A feature of the reports was the encouragement which the movement has received from the districts which have been visited by the members of the fair boosting committee, all of which have generously offered representative displays, also in reference to letters written by Fair Manager H. Q. Robertson, the following are included: The Phoenix Chamber of Commerce, through its secretary, Harry Welch, assures him of the interest and co-operation of that body. Professor Stanley Morse, identified with the co-operative extension work of the University of Arizona, states that his department would lend any assistance possible. Farm Advisor J. A. Armstrong, in a communication, states that "the boys and girls' clubs of Phoenix were desirous of placing exhibits of poultry and pigs, also a canning display."

Representatives from both the Higley and Gilbert districts were present and promised the co-operation of these communities in making the fair a success. It is expected that Higley will make a special display of dairy farming products.

The program committee expects to make a feature of the floral and trades parade; the patriotic program for July 5, the pioneer camp fire, and the farmers' banquet and dance, which is to be given on the evening of the 6th.

Yesterday afternoon the premium committee spent several hours in arranging and listing the various products. Their work will be completed today, when a tentative list and classification will be published.

From now on, any one desiring information regarding the fair should correspond with H. Q. Robertson, general manager, at Mesa.

ENTERTAINS AT LUNCHEON

Mrs. L. W. Stillwell yesterday entertained a number of guests at luncheon at her home on East First street, in honor of Mrs. Sam Swift of Rosemead. Among those who were present were: Mesdames W. N. Amos, H. L. Chandler, George Sherwood, Robert Scott, Edward Patten, L. H. North, William Beach, Fred Smith, G. A. Brown and Mrs. Max Rierath.

Mrs. Bailey Herring met with a painful and what may prove a serious accident last Tuesday morning. Mr. Herring had thrown a young rolt and tied it down for the purpose of pouring chloroform into a sore which had become infected. He gave the bottle to Mrs. Herring to hold until he was ready. The rope became loosened and the animal, striking with its feet, hit the bottle, the chloroform going into the right eye of Mrs. Herring. The accident is most painful and may result in the loss of the injured member.

SLOW TO REALIZE

"My dear," said Mr. Bickers to his wife, "I saw in the papers today a decision of a Virginia court that the wife may, in some cases, be the head of the family."
"John Henry," replied Mrs. Bickers, "the courts are sometimes very slow in finding out things!"

"TIZ" FOR SORE TIRED FEET--AH!

"TIZ" is Grand For Aching, Swollen, Sweaty, Calloused Feet or Corns

Ah! what relief. No more tired feet, no more burning feet, no more swollen, bad smelling, sweaty feet. No more soreness in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet. "TIZ" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot miseries, no more agony from corns, callouses or bunions.

Get a 25 cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "TIZ." Get a whole year's foot comfort for only 25 cents. Think of it.
